## BIJOY KRISHNA GIRLS' COLLEGE, HOWRAH

### *From the Desk of the Principal*

*Newsletters help to build relationships with the stakeholders through regular communication and high-value information. Our newsletter provides a spotlight on the people of our college who is working relentlessly for the sake of higher education of the girl students and is contributing to research simultaneously and those who are upholding the system. It acts as a guiding and telling you what you really need to know about the institution that has always believed in paving a path for all the achievers.*

*The college has been a hub a lot of academic extracurricular activities in the past year like holding International and National Conferences with eminent academics gracing the occasions. Extension lectures were organized by most of the departments. All these activities have not only benefitted the faculty members it has also opened up the horizon for the students. The University results have been par excellence this year which is a pride for the college. The college has also facilitated continuous interaction with other academic institutions and universities through faculty workshops, faculty development programmes, and association with the professional societies. Different programmes organized for the students have also been*

*eagerly participated by them and they enjoyed them thoroughly. Perhaps the best part of the year has been the team work through interdisciplinary projects, co-curricular and social activities. In fact the college has been quite successful in involving all staff in participative administration.*

*In the coming year the five storied new building will provide the much needed space and will open up opportunities for new disciplines for the college which will facilitate the new CBCS more. New Post Graduate courses will be applied for the coming session. The training and placement cell will be refurbished so as to bring in more openings for the student. Further interaction with other nodal institutes will be promoted through faculty members. With a commendable year behind us I sincerely hope that the coming year will also fill our basket with glorious achievements through cooperation and team work and help the college to move ahead on its path of development.*

## EDITORIAL

Another year has passed and again it is the time for stock-taking our activities, for reviewing our deeds, for celebrating our achievements and for amending our mistakes. Last year we have published this Newsletter after a long gap and we are really happy that the 2017-18 Newsletter is being published just on time. In the following pages we are trying to provide some snapshots of our educational institution. We sincerely believe that this newsletter will serve to reinforce and allow increased awareness, improved interaction and integration among all of us.

Since the beginning of its journey Bijoy Krishna Girls' College is nonstop adhering to the path of its declared vision, i.e., emancipation through learning (sa vidya ya vimuktaye). Of course this journey is neither easy nor is a story of sheer glorious achievements. In our roller-coaster ride it is possible to identify different watersheds and no doubt 2017-18 is one such defining moment of the life of our institution. A new vista has opened up in the educational arena of India as a whole and more particularly in the curriculum pattern of the University of Calcutta, our affiliating agency. From this year higher education is following the pattern of Semester based Choice Based Credit System (CBCS). This system has increased the responsibility of the colleges to a great extent. In order to make our students conversant with this system the accountability of the teachers and students has gone up to a considerable extent. We at our institute are preparing ourselves to remain compatible with this new system. Surely within a year's time we will be able to prove our merit in this highly decentralized form of teaching, learning and examination pattern. No doubt, this new system calls for a total overhauling of the human resource, administrative as well as financial management. We are positively looking forward to receive cooperation from all the concerned bodies for this.

During this period we have lost our retired colleagues Dr. Amiya Kumar Chaudhuri of Political Science and Dr. Uday Chand Majhi of Commerce. The College will forever remember their contribution in imparting education. Dr. Tuhina Begum, Ms. Sagnika Sahoo and Sri Basudeb Roychaudhury have joined the B.Ed department as Assistant Professors. We all welcome them and hope that they will have memorable innings in the college. Mrs. Malina Mazumdar and Mrs Khuku Biswas, our long time non-teaching associates, have retired from service also in this period. We wish their healthy and happy retired life.

At the end, we expect extreme wide support for our mission from all and invite the reader's valuable suggestions and comments. Newsletter is only a small step towards a long journey performing the task of sensitization. To achieve progress and to meet objectives we have to cross numerous milestones. Finally, the errors and omissions of this publication is entirely my responsibility. The spirit of our highly enterprising Principal Dr Ruma Bhattacharyya and IQAC Coordinator Dr. Sweta Guha lies at the very core of this Newsletter. I sincerely express my gratitude to all the staff members of our college whose active cooperation has made this publication possible and also hope to receive future help from those who for different reasons have not been able to contribute in this edition.

## **IQAC Coordinator Speaks**

*Newsletter is the mirror of a college. Like last year, I hope this newsletter will also reflect all round developments, successes, failures and future planning of our college.*

*It is our prime responsibility to initiate and supervise various academic and extracurricular activities throughout the year to increase the quality of the education imparted in our college. In this context, I must mention the successful role of IQAC in organizing seminars (international, national and state level), workshops and various lectures by eminent speakers. In order to coordinate all round quality related issues of the college, Academic and Administrative Audit has been successfully conducted for the first time, making us aware of academic strengths and weaknesses of different departments and administrative units. Now we look forward for improvement and overcoming the weaknesses.*

*Our students always make us proud. Miss Haimantika Das of Chemistry and Miss Rama Mal of Philosophy ranked second in*

*UG Final examination of University of Calcutta. Baitali Pal of Commerce also stood first in the M.Com Examination of 2017 in the University. Many students took active participation in seminars and workshops by presenting papers and posters. Their enthusiasms are reflected in extracurricular activities too like sports, cultural activities and fashion show. Strength of youth now will be directed towards the wellbeing of society, as NSS of our college has been re-sanctioned.*

*As a Coordinator, IQAC, I always acknowledge the role of my colleagues, students and non teaching staff, without their cooperation and support IQAC would never have been able to perform. Above all, we always receive immense support and encouragement from our Principal Dr. Ruma Bhattacharyya.*

*Best wishes*

## Infrastructural Development

Two new rooms are constructed in the roof of the main building with financial assistance from the MP-LAD scheme offered generously by the local MP Sri Prasoon Banerjee. Biometric attendance system for the teaching and non-teaching staff has been introduced. Installation of solar panel in the college has reduced the electricity bill of the college to a considerable extent. The online admission system is running successfully in accordance with the norms set up by the Higher Education Department of West Bengal. Process for acquiring on-line feedback system is also on and some departments have already started it in this session. The Botany department is continuing the process of Green-audit to make the college campus environment friendly. A water-cooler with Lions Club of Howrah was inaugurated by the President of College Governing Body, Sri. Arup Roy to cater the needs for safe drinking water in the campus. An inspection team of the Higher Education Department visited the college on January 25, 2018. The college has received the sanction of RUSA (Rashtriya Uchchatar Shiksha Avijan), a centrally sponsored grant scheme of the Govt. of India for the college. Accordingly the Detail Project Report (DPR) has been submitted to the higher education department and very soon works in this

direction will commence. A second campus of the college is also on the cards in this regard. The College has taken the challenge to cope up with the newly introduced CBCS (Choice Based Credit System) following the guidelines of the University of Calcutta along with the semester pattern of education. Almost total overhauling of the pattern of teaching, learning and examination system has been started for it with active cooperation of the teaching and non-teaching staff members. A Memorandum of Understanding (MOU) has been signed with the Howrah Municipal Corporation (HMC) regarding the regular utilization of their Sports Complex. Another Solar panel is slated to be launched soon in collaboration with the Howrah Improvement Trust (HIT). In continuation with its modernization drive the College has applied for the GST registration and very soon also has obtained its GST identification number. The accounts department staff and some teaching members also took training in this regard. For maintaining transparency in the administration we have adopted the path of E-Tendering and also have registered for it with the WBNIC. This e-Procurement System enables the Tenderers to download the *Tender Schedule* free of cost and then submit the bids *online* through the Government maintained portal.
