Cyber Security Issues during Covid-19 Lockdown in India

Date 12th June 2020

Organised by

**Women Study Centre and IQAC, Bijoy Krishna Girls' College, Howrah
in collaboration with
Women Studies Research Centre, University of Calcutta**

About the webinar

The impact of Corona Virus has resulted in unprecedented danger for the health and safety of innumerable people and thereafter complete and partial lockdown has been declared throughout the world as a safety measure. The situation has been declared as pandemic wherein people are advised to stay at home and work. Such a precarious situation has been utilized by the cybercriminals and taking advantage of the tedious and anxious mental disposition of the people have launched social engineering attacks on them like Phishing, Cyber Extortion, Cyber Stalking, Identity Theft etc. Cyber criminals are imploring the potential victims to download infected files and thereby trapping them. It has been on the increase since the beginning of the pandemic situation.

To be conducted through Google meet. Attendance in all the session is mandatory
